

# Serving Veterans and Their Families Across America

800-482-2565 · www.veteransinc.org

Dear Friends,

**For 30 years Veterans Inc. has operated with a simple mission: To be there for our veterans and their families in their time of need.**

This year has brought many unique challenges that our organization has never had to face before but we did not falter, and with your help, we will not fail. While many were shuttering their doors our organization remained open and our staff worked diligently to continue safely providing services to our veterans and their families.

**Our American way of life is made possible by the service and sacrifice of our veterans.** The men and women of our armed forces put their lives on the line for our freedom, and our security. Every year, hundreds of thousands of these brave soldiers honorably complete their time in service – and become veterans.

**For many, the transition back into civilian life is often more difficult than it should be.** Our veterans are disproportionately confronted with unemployment, social isolation, and post-traumatic stress disorder, all of which can spiral out of control without help. Homelessness continues to occur at higher rates in veterans especially during this pandemic, and the opiate abuse crisis that has gripped the nation has hit our veteran community especially hard which has been exacerbated by the coronavirus pandemic.

**Veterans Inc. is a national leader in providing the high quality services our veterans deserve.** We have continually been on the vanguard of service delivery and despite the challenges this year has brought, our organization has expanded. We are now bringing the services our New England veterans have trusted for three decades to Montana and North Dakota.

**But we need your support.** Our organization has seen a significant decline in the number of donations in the wake of the coronavirus pandemic. Meanwhile, the needs of our veterans are greater than ever. Your donation will mean more veterans are housed, connected with good jobs, and receiving any supports or treatment they may need. With your help, we can march on with them and emerge from this national crisis stronger than ever.

***They were there when we needed them.  
We must be there now that they need us.***

*Sincerely,*

VINCENT J. PERRONE  
President & CEO

DENIS M. LEARY  
Executive Director
